Disclosure

- All houses are built from quality durable board creating a long life span
- The houses will be built within 2-3 weeks and handed over to the owners in an official ceremony.
- Each individual or family that receives assistance through this program is responsible for finding their own leased or owned land space.
- All sponsors will be recognized in the printed and electronic media.
- Each house will have a silver-plated plaque permanently fixed affirming the various company or organization of sponsorship.
- Each company, organization or individual will receive a certificate of partnership from our ministry along with a quarterly update on the project.
